To Whom This May Concern:

It is with great pleasure that I recommend Joshua Breto to your university. Joshua was a student in my Algebra 2 class last year. He was always prepared and maintained an exceptionally high average in my class all year. He was one of the hardest working students that I have ever had since I have been a teacher. Since I met Joshua I have seen him grow up to be a wonderful mature man.

Joshua has earned a high G.P.A. of 3.6 while he was a student at Spanish River High. He has been involved in many different types of activities. He was an outstanding soccer player in and out of school. Joshua also spent lots of time working with the student council. He won the student council service award which is in recognition of leadership and service. Another prestigious award Joshua won was the president's educational excellence award for outstanding achievement. These are just a few of Joshua's many accomplishments while he was at Spanish River High. He is a truly outstanding man with a lot of talent.

I believe that Joshua will continue to be a responsible young adult, a true asset to both our school and community, and a great role model for other young people to follow. Your university will be lucky to have Joshua on your campus. Please feel free to contact me at Spanish River High School if you have any questions.

Sincerely,

Tara Rothberg
